

Name

Only a short answer is required,
not an explanation or a
description.

Label

Provide appropriate names on a diagram.

Write

Only a short answer is required,
not an explanation or a
description.

Identify

Name or otherwise
characterise.

Choose

Select from a range of alternatives.

Complete

Answers should be written in the space provided, for example on a diagram, in spaces in a sentence, or in a table.

Describe

Recall some facts, events or process in an accurate way.

Define

Specify the meaning of something.

Justify

Use evidence from the
information supplied to
support an answer.

Use

The answer must be based on the information given in the question.

Measure

Find an item of data for a given quantity.

Give

Only a short answer is
required, not an explanation
or a description.

Determine

Use given data or information
to obtain and answer.

Explain

Students should make something clear, or state the reasons for something happening.

Compare

Describe the similarities and/or differences between things, not just write about one.

Suggest

Apply knowledge and
understanding to a new
situation.

Calculate

Use numbers given in the question to work out the answer.

Estimate

Assign an approximate value.

Show

Provide structured evidence to
reach a conclusion

Evaluate

Use the information supplied, as well as knowledge and understanding, to consider evidence for and against.

Design

Set out how something will be done.

Plan

Write a method.

Plot

Mark on a graph using data given.

Draw

To produce, or add to, a diagram.

Predict

Give a plausible outcome.

Sketch

Draw approximately.
